

Call for wearing a mask in Ishigaki City

July 2020

Ishigaki City

To residents and visitors

In order to prevent the spread of coronavirus infections in Ishigaki City, we ask that you cooperate with wearing a mask and follow the regulations of the “Coronavirus Infectious Disease Measures” below.

1. Always carry your mask with you when you go out.
2. As a general rule, always wear a mask indoors, even on the

bus, taxi, or ferry.

At restaurants, please wear a mask when talking to people between meals.

※To facility managers:

If a person is not wearing a mask, please encourage the person to wear it.

3. As a general rule, we recommend that you wear a mask outdoors as well (but to minimize the risk of heat stroke, you may remove the mask if you can maintain physical distancing of at least 2 meters or more between others).

However, if you approach another person for conversation, please wear your mask again.
