Requests for garbage disposal

- ☆Please put out your garbage by 8:30 a.m. on the designated day.
(※If you put out the garbage the day before, it may cause scattering.)
- ☆Garbage collection for this year will be carried out until December 31th.
(※If December 31th falls on a Sunday, garbage will be collected until December 30th.)
- ☆New Year’s garbage collection will begin on January 4th.
(※If January 4th falls on a Sunday, garbage collection will begin on January 5th.)

- ☆Large garbage collected even public holiday except Saturdays and Sundays.
- ☆Large garbage collected for year will be conducted until December 28th.
(※If December 28th falls on a Saturday or Sunday, collection will be conducted until Friday.)
- ☆Large garbage collected for the New Year will begin on January 4th.
(※If January 4th falls on a Saturday or Sunday, collection will begin on Monday.)

We need your cooperation

- ★Please help by separating your garbage
Please separate your garbage before putting it out. If it is not separated , it will not be collected (there will be a sticker on your garbage asking you to separate your garbage.)
When putting out recyclable garbage or Harmful garbage, please use transparent bags (even 2-pound bags are acceptable). (Please do not use semi-transparent bags, plastic bags, or designated bags.)
Garbage that is difficult to separate
Rechargeable electrical appliances → Harmful garbage
Waste Cooking oil containers (glass • bottles) → Non-burnable
Waste Tupperware →Non-burnable
Waste Air packing (bubble wrap) → Burnable waste
- ★Please help prevent litter from scattering
To prevent the garbage from being blown away by strong winds or crows, please take measures such as setting up mesh baskets or cover nets.
- ★Please cooperate by putting out your garbage punctually
Garbage will not be collected again taken after 8:30 a.m.
- ★About garbage collection during Typhoons
Garbage cannot be collected when a storm warning is in effect.

Garbage not collected by the city

- Explosive garbage : gas cylinders, gasoline and thinner cans
 - Hazardous waste : pesticides, toxic substances, chemicals, fire extinguishers
 - Items that are difficult to dispose of : tires, soil, concrete, piano, organs, batteries
 - Medical waste : infectious waste from hospitals and clinics
 - Large amount of garbage at one time : moving, remodeling, etc.(over100kg)
 - Waste from businesses and stores
- ※For garbage that is not collected by the city, please have a private company take it away.
- ※Televisions, refrigerators(freezers), air conditioners, washing machines, and clothes dryers should be collected by the retailer.
- ※Please have the computer manufacturer take it back.
